WORK EXPERIENCE

Lead UI/UX Developer

08/2021 - Current

Cloudypedia - Egypt Branch

Cairo, EGYPT

- Contributed to the development of interactive interface for web apps using my skills in HTML/CSS/jQuery/JavaScript/Twig/PHP
- Cooperated with the dev team in CI/CD to integrate new enhancements, while adopting Agile to keep up with the product/clients requirements.
- Collaborated closely with product manager, technical team, and the client to produce UX Research and Design and UI, with a user-centric approach.
- Redesigned UI designs for websites and web apps based on user research, resulting in an increase of return visitors by 30% and overall website engagement by 12%.

Frontend Web Developer

10/2019 - 07/2020

Perpetuum Mobile d.o.o.

Zagreb, CROATIA

- Involved in Web Design, UI and UX for 2 Magento and Drupal projects, redefined the websites architecture and user experience. and eventually increased average website user engagement and retention by 25% and reduced page loading time by about 47%.
- Contributed to the development of interactive interface for Magento themes using my skills in HTML/CSS/LESS/JavaScript/Twig/PHP, and optimised the products by 25% by debugging and testing techniques.
